HPLC & LCMS: HANDS-ON TRAINING COURSES
Year 2017

VENUE: RESEARCH CENTRE, 2ND FLOOR, ROOM 214

TARGET AUDIENCE:

Persons currently working, or interested in working, in the fields of life sciences, pharmaceuticals, industrial, environmental, clinical, and forensics.

COURSE CONTENT:

The course is given in English and comprises hands-on training of High Performance Liquid Chromatography and Liquid Chromatography Mass Spectrometry.

At the conclusion of this course, participants shall understand the practical aspects of HPLC and LCMS analysis and their applications in bioanalysis. They should be able to carry out drug analysis in plasma and interpret the results.
