Clinical Pathway Decision Outcomes

Total Number of Patients with Decision Outcomes made within 3 weeks of Acceptance Date

Findings:

1. The Long-term outcome measure for the ORL clinical pathway is having the decision outcomes made within 3 weeks from the acceptance date, the result of this quarter is:

a) (56%) met the outcome which represent (33) patients out of 14, with a time duration average of 14 *Days*.

b) (44%) didn't meet the outcome which represent (26) patients out of 14, with a time duration average of 33 *Days*.

2. The clinical pathway utilization this quarter is **excellent 100%**.

Action Plan:

1. The report is shared with the respective Healthcare Provider/ Medical Quality Director / Clinical Pathway Coordinator

2. Encourage the Healthcare Providers to utilize the clinical pathway nurse champion as a resource for any clarifications.

3. An email sent to the author team to provide an action plan for the patients who didn't have their decision outcomes within 3 weeks from the acceptance date.
