Transurethral Resection of Bladder Tumor Report Clinical Pathway

Clinical Pathway 3rd Quarter Report 2017
  Data Collection Period: 01 July 2017 - 30 September 2017
  Units using the clinical pathway: PACU, DSU & A3
  Data Sources: Retrospective review of clinical pathway forms
  Number of patients who were eligible to be put on the clinical pathway in DSU is: 0
 Number of patients managed on the clinical pathway in DSU is: 0
  Number of patients who were eligible to be put on the clinical pathway in A3 is: 15
 Number of patients managed on the clinical pathway in A3 is: 7 (Utilization is **43%**)

The documentation compliance on the clinical pathway per discipline in the table below:

Discipline	No. of Patients	Complete Documentation	Incomplete Documentation
Medical Doctor	7	28%	72%
PACU Nurse	7	43%	57%
DSU Nurse	7	29%	71%
A3 Nurse	7	72%	28%

The clinical pathway outcomes are illustrated in the following graphs:

Day of Discharge Outcomes

Chart legend: ■ Yes ■ No ■ N/A

- Pain is controlled (7 Patients): Yes 71%, N/A 29%
- Patient is passing urine if urinary catheter is removed (7 Patients): Yes 29%, N/A 71%
- Patient discharged (7 Patients): Yes 86%, No 14%

Clinical Pathway Utilization Report

Chart legend: ■ Utilization ── Trigger

- End of Trial Q2 DSU (1 Patients): 14%
- End of Trial Q2 A3 (2 Patients): 13%
- End of Trial Q2 Overall (3 Patients): 13%
- 3Q 2017 (7 Patients): 47%

One patient who was not discharged within 48 hrs. due to additional treatment:

Percentage of patients discharged within 48 hours post operatively
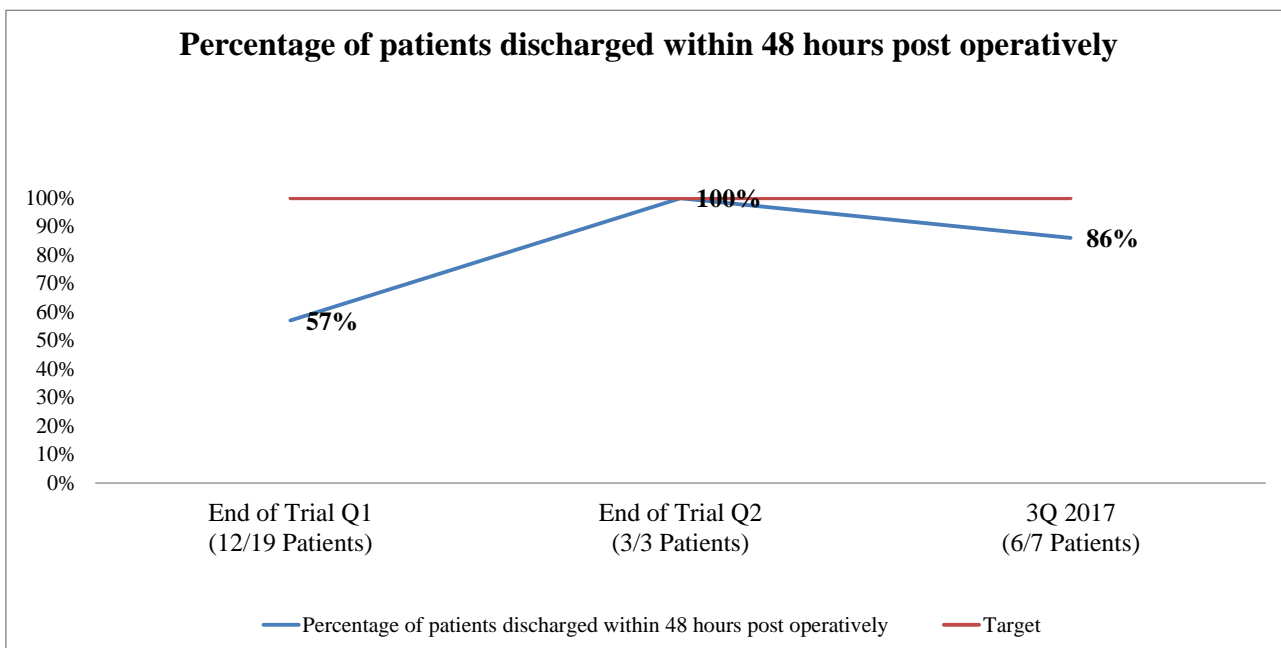

Measures:

The ultimate outcome measure for this clinical pathway is to discharge patients within 48 hours post operatively.

Findings:

1. 86% Patients (n = 6) were discharged within 48 hours post operatively.

2. The average LOS for all the patients who were put on the clinical pathway is (2 Days)

Measures:

The clinical pathway utilization trigger is ≥ 80%

Findings:

The bar chart illustrate the followings:

The overall utilization of this pathway is below the trigger.

Action Plan:

1. The report to be shared with the respective Healthcare Provider/ Medical Quality Director / Clinical Pathway Coordinator)

2. The Clinical Pathway Coordinator to encouraged healthcare providers to utilize the clinical pathway nurse champion as a resource for any clarifications during the clinical pathway coordinator monthly rounds.

3. In-Services will be provided to the units where the Clinical Pathway is implemented to improve documentation and utilization.

4. The clinical pathway author team will be soon working on the automation of this clinical pathway.

Recommendations:

All end-user disciplines need to improve the documentation and utilization compliance.
