SUBJECT: COVID-19 PRECAUTIONARY MEASURES: EXEMPTION FROM GOVERNMENT IMPOSED CURFEW

In reference to the Governmental announcement of 'curfew' to limit the spread of the Coronavirus Disease 2019 (COVID-19) from 7:00 p.m. until 6:00 a.m. for a period of 21 days effective Monday evening, 28 Rajab 1441 (23 March 2020), this is to confirm that employees working in vital public and private sectors whose work requires continued performance during the curfew period, including employees in health care sectors, are exempted from the curfew.

In view of the above, in order to ensure continuation of Hospital operations and to facilitate employees' mobility during the curfew period, employees are required to request a certificate through Oracle self-service for themselves and their drivers or relatives, to allow them to drive during the stated period. Furthermore, employees have to present the certificate and wear their ID badges at all times while commuting to and from the Hospital during the curfew period.

In addition, if you are not able to access the system, please communicate with Safety and security for the issuance of the required certificate.

If you have any question, you may contact the following numbers:

Safety and Security Riyadh: MCD 41111

Safety and Security Jeddah: MCD 41222

HR Riyadh: MCD 47737

HR Jeddah: MCD 49548

Thank you.
