

Strategic Priority: **SP2- KFSH&RC Experience**

Project Name

Enhancement of Platelet Rich Plasma (PRP) Collection

Site

Riyadh

Department

Perioperative services 2 floor

Project Status

Completed

Project Start Date

01-01-2018

Project End Date

10-31-2018

Problem: Why the project was needed?

One of healthcare providers' objective is to increase patient's awareness and knowledge. Therefore, this project was selected to enhance awareness among patients coming to the hospital for better platelet efficient utilization. By implementing this project, patients will be more aware of the use of their own platelets to improve the status of their health.

Aims: What will the project achieve?

To increase the number of Platelet Rich Plasma (PRP) collection for patients coming to Blood Conservation Section from 126 to ≥ 155 by end of October 2018.

Benefits/Impact: What is the improvement outcome?

(check all that apply)

- Contained or reduced costs
- Improved productivity
- Improved work process
- Improved cycle time
- Increased customer satisfaction
- Other (please explain)
