Project Name
Implementation of Primavera Unifier

Site	Department
Riyadh	Facility Projects Management Department

Project Status	Project Start Date	Project End Date
Completed	01-01-2016	12-31-2016

Problem: Why the project was needed?

Facility Projects Management Department is working towards optimizing the business processing of all hospital construction projects by introducing an Enterprise Project Management Solution (Primavera Unifier); this innovation will fast track the communication and coordination between contractor and project supervision team in addition to the digitization of project documents. The application software contains sets of interactive tools, including information dashboard to aid the project team members to collaborate, communicate, collect and process documents in order to share reports and track task status.

Aims: What will the project achieve?

To decrease total cycle time of project documentation by from 5 to 2 days (40% reduction) within the Facility Projects Management Department by the end of 2016.

Benefits/Impact: What is the improvement outcome?
(check all that apply)

☐ Contained or reduced costs
☐ Improved productivity
☒ Improved work process
☒ Improved cycle time
☐ Increased customer satisfaction
☐ Other (please explain)

Quality Domain: Which of the domains of healthcare quality does this project support?
*(Select only one)*
Efficient

Measures: Performance metrics to be evaluated	Targets: Expected outcomes
Total cycle time (in days)	3 days (40% reduction from baseline)

Interventions: Overview of key steps/work completed

- Develop business process of each construction submittals.
- Development of application to meet the department needs.
- Training of PRSD staff and contractors.
- Launching of Pilot project.

Results: Insert relevant graphs and charts to illustrate improvement pre and post project
(insert relevant graphs, data, charts, etc.)

Total Cycle Time (TCT) in days
(Before & After Introduction of Primavera Unifier)

Manual Processing: 5

Decreas 40% in TCT

Primavera Unifier: 3

Target 3 days

Type of process	Total Cycle Time in days
Manual Processing	5
Primavera Unifier	3
