

Project Name

Improve Nutritional High Risk Screening Compliance.

Site

Jeddah

Department

Protocol Unit

Project Status

Completed

Project Start Date

03-20-2018

Project End Date

06-20-2018

Problem: Why the project was needed?

Audit conducted by Nutrition Department last December 2017 showed that we only had 20% compliance of high risk Nutritional Documentation and 80% of high risk Patient are not being reflected. Overall the data from December 2017 to January 2018 shows that only 47% of admitted Patient has nutritional high risk screening completed.

Aims: What will the project achieve?

Increased Nutritional High Risk Screening compliance. from 47% to 90% by June 20, 2018.

Benefits/Impact: What is the improvement outcome?
(check all that apply)

- Contained or reduced costs
- Improved productivity
- Improved work process
- Improved cycle time
- Increased customer satisfaction
- Other (please explain)
